Illinois Central College

Work Experience

Transferable Skills

Freelance Videographer

Develop content for clients and assist production teams on set in the metro area

Media Intern | C. Green & Associates

Oversee the creation of products for local clients
Social media management
Work closely with clients to create the product they sought after

Producer | SIUE Global Village

Create content for SIUE's television show
Operate cameras and monitor audio each week on set
Edit the show for air and online distribution

- Collaborate and conceptualize from the ground up to meet client needs

- Appeal to a wide audience using aspects of design including typography, graphics, and color
- Divide attention between several tasks at once

- Lead and be a member of a team to produce unique content within a preexisting template
- Adapt storytelling skills to fit differing formats

Hobbies

Participating in film festivals and competitions in the Midwest region

Developing projects that help to pursue my interest in film production, particularly visual effects
